Dorothy was amazing, and she really understood my needs to make selling my place on my timeline. She was always on top of what needed to be done, her follow thru and attention to detail was excellent.

Dorothy was also my agent when I bought this place 8yrs ago, so I have experienced both her expertise buying and selling.

Dorothy just sold our house for us in Pleasanton. She was excellent, she handled the process for us soup to nuts. As we are out of state we needed someone who knew the area, the market, and the client.

She walked us through all the steps and made a very stressful time easy to deal with. I would recommend Dorothy to anyone who needs a true professional to work for them
